Teaching Experience

Most Recent and Active Teaching Experience:

Practitioner in Residence: Foundations Coordinator – University of New Haven 2023 – present.

Department of Art & Design. Materials organization, field trip planning, invitation and coordination of guest artist visits and workshops for students in all foundations courses, including 2D Design, 3D Design, Drawing I, and Drawing II. Experience with program accreditation and curricular updates.

Classes taught: Digital Fabrication (makerspace technologies), 2D Design “Visual Thinking,” 3D Design, Drawing I, Drawing II (Experimental Drawing)

Invited Instructor - Ammerman Center for Arts and Technology, Connecticut College January 2024, January 2025

Invited to co-lead new cohort of accepted students to the Ammerman Center for Arts and Technology in Art in a workshop with artist Alessandro Maione. Workshop focused on fiber and sculptural techniques in combination with electronics and microcontrollers. My focus as an instructor was on fiber crafting techniques, experimental digitization of 2D artworks, and using conductive thread to create fiber-based interfaces used in electronic circuits with microcontrollers. The workshop presented students with new and varied technical skills while mentoring their creation of individual art pieces that utilized these skills.

Past Teaching Experience:

Adjunct Instructor – University of New Haven 2022 – 2023.

Classes taught: Multimedia Communications (Adobe Suite, HTML/CSS coding, Video).

Instructor – Dogbotic Labs 2023 – 2025. Co-creator and teacher of “Thread and Circuits: A Guide to Electro-Textiles.”

Teaching Artist – ACES Educational Center for the Arts 2022 – 2023. Visual Arts Department.

Individual Lessons – Self 2021- present. Crochet, textile dyeing, drawing, painting. Adults and teens.

Visiting Artist - MICA 2021. Guest Panelist: Painting, Drawing, General Fine Arts Senior Thesis Final Review

Adjunct Instructor – Columbia College Hollywood 2019. Visual Effects Department.

Classes taught: Figure Drawing, Observational and Perspective Drawing, Color Theory & Practice (Hybrid class – half painting/drawing, half Photoshop).

Graduate Program Assistant – MICA 2017-2018. Luca Buvoli, Mount Royal School of Art.
